Trilance

#2AC226
RGB: 42, 194, 38

#7FCEF6
RGB: 127, 206, 246

#33ADF1
RGB: 51, 173, 241

#2B31EB
RGB: 43, 49, 235

#FF0066
RGB: 255, 0, 22

#C036F6
RGB: 192, 54, 246

#FD95BB
RGB: 253, 149, 187

The digital color palette is intended exclusively for digital output—that is, for work viewed on screens or other digital media. Otherwise, the vibrancy of the colors would be lost.

For non-digital output, use the analog palette, which features flat colors.

TERRANOVA

Terranova identity

Logo variations in an RGB color palette, suitable for digital output but not for print.

TERRANOVA

TERRANOVA

The clear space refers to the area surrounding a logo, defining a designated amount of empty space that must remain free of any other graphic elements or text.
For the Terranova logo—when displayed in its static version without the tagline—the clear space on all sides is equal to the height of the "sphere" (the circular element within the logo).
